Mr Agim Ademi
President
Kosovo Football Federation
House of Sports
Rruga Street "28 Nëntori" No. 171
Pristina 10000, Kosovo

Nyon, 4 May 2022

Dear President, dear Agim,

On this important anniversary, I want to thank the Football Federation of Kosovo for being a valuable member of the European football family.

You crossed a long way in such a short time. Following the clear vision established by our dear friend Fadil Vokrri, FFK strategically improved the football infrastructure across the country, which will allow the further blossoming of both grassroots and elite football.

I am also happy to see that you are taking advantage of our knowledge-sharing programmes, investing in education that will positively impact and inspire success across the entire football pyramid.

Many of these projects were supported by our HatTrick development programme, and we are delighted that we could be there for you while taking the first steps on the international scene. Rest assured that UEFA will always remain a reliable partner of FFK. I would also like to thank you for standing by us in these troubled times when we have successfully defended the true essence of football, despite all the obstacles.

Football allows us to dream big. Your national team already came on the verge of being qualified for a major European tournament. So, dear Agim, keep dreaming of success and work hard to obtain it. With genuine passion and devotion, everything is possible.

I wish your football federation many years of success and prosperity both on and off the pitch.

Sincerely yours,

UEFA

Aleksander Čeferin
UEFA President
